

On the left side of the page, there are several stylized illustrations of writing instruments. From top to bottom, they include: a yellow highlighter, a pink fountain pen, a green fountain pen, a blue fountain pen, a purple fountain pen, a red fountain pen, and a black fountain pen. These illustrations are arranged vertically and overlap slightly.

*The ballpoint pen is
a Hungarian invention.
The idea came from László Bíró,
and it materialized with
the technical and financial
support of Andor Goy.
Mr. Andor Goy worked as
an engineer at ICO between
1959 and 1976.*
